HEREFORD RURAL DISTRICT

Medical Officer of Health :

R. Wood-Power, B.A., F.R.C.S. (Ire.), D.P.H.,
Public Health Department,
21, East Street,
Hereford.
12th May, 1959.

To the Chairman and Members of the Hereford Rural District Council.

LADIES AND GENTLEMEN,

I beg to lay before you the Annual Report for the above District for the year 1958.

The birth-rate was 14.6 per 1,000, and the death-rate was 12.6 per 1,000 (and when adjusted by the comparability factors supplied by the Registrar General, were respectively 17.4 and 10.2 per 1,000), and the infant mortality rate 49.2 per 1,000 births.

The report of the Chief Public Health Inspector is appended hereto.

I am, Ladies and Gentlemen,

Yours faithfully,

R. WOOD-POWER.

PUBLIC HEALTH STAFF

Clerk to the Council—

R. A. SYMONDS, M.A.(Cantab.) (Part-time).

Medical Officer of Health—

R. WOOD-POWER, B.A., M.B., B.Ch., F.R.C.S.(Ire.), D.P.H.
(Part-time).

Chief Public Health Inspector—

DONALD FODEN, M.R.S.H., M.A.P.H.I., Cert.S.I.B.,
Cert. Insp. Meat and Other Foods.

Additional Public Health Inspector—

P. A. THOMAS, M.A.P.H.I., Cert.S.I.B.

One-half of the salary of the Medical Officer of Health and of the Public Health Inspectors is contributed from grants.

STATISTICS AND SOCIAL CONDITIONS OF THE AREA

Area in acres	65,669
Population (Registrar-General's Estimate)	18,120
Structurally separate dwellings	4,344
Number of Parishes	39
Rateable value, 31st March, 1958	£144,826
A Penny Rate produces	£585
„ „ „ „ Housing (1919) Act	£624

Illegitimate Live Births per cent of total live births	6.8		
Maternal Deaths (including abortion)...	0		
Maternal Mortality Rate per 1,000 live and still births	...	0			

Physical Features and General Character

The Rural District of Hereford is situate in the middle of the county, and completely surrounds the city of Hereford. It is bounded on the north by the Leominster and Wigmore Rural District, on the north-east by the Bromyard Rural District, on the south by the Ross and Whitchurch Rural District, and on the west by the Dore and Bredwardine and Weobley Rural Districts. The middle of the district is low-lying.

In the north Dinmore Hill rises to a height of 747 ft., in the south Orcop Hill to 958 ft., and Aconbury Hill 905 ft., on the west Credenhill is 720 ft., while on the eastern side are Dinedor 595 ft., Backbury 738 ft., and Westhide 422 ft.

The district is well watered. The river Wye flows across from west to east in a very tortuous bed, and the rivers Lugg and Frome flow from north to south until they empty into the Wye. In the low-lying portions, following the courses of the rivers, is alluvial deposit.

Geologically the district is Old Red Sandstone. Credenhill, Dinedor, Dinmore and Callow hills are of Cornstone formation.

The subsoil is gravelly loam in those parishes through which the rivers flow, and in the remainder of the district for the most part marl or clay.

The population at the Census of 1951 showed an increase of 4,041 persons in the Rural District, and varied in the thirty-nine Parishes within the Area from 19 in Dinmore to 2,972 in Credenhill.

Legislation in Force

Bye-laws with respect to Hop and Fruit Pickers made 1909 were amended during 1937 ; Tents and Vans made 1912 were amended during 1955 ; New Buildings made 1918 were amended during 1954 ; and Food Bye-Laws were made in 1950. The Council has adopted Section 86 of the Public Health Acts Amendment Act 1907 requiring the registration of dealers in old metal and marine stores.

GENERAL PROVISION OF HEALTH SERVICES FOR THE AREA

Professional Nursing in the Home

There is an adequate number of District Nurses/Midwives in the Area to cover all Parishes.

Their services are provided by the County Council and the Nurses are under the supervision of the Superintendent Nursing Officer.

Laboratory Facilities

Bacteriological examinations are made by the Public Health Laboratory Service (directed by the Medical Research Council for the Ministry of Health) at the County Hospital, Hereford, where Dr. D. R. Christie is in charge.

The chemical analyses of water samples are carried out by Rowland H. Ellis, Esq., of Gloucester.

Hospitals

Hospital Services for the County of Hereford are under the Management of the Herefordshire Hospital Management Committee, who are responsible for the control of all Hospitals, to which patients can be admitted in case of need.

Ambulance Facilities

Motor Ambulances for sitting or stretcher cases operated by the Herefordshire Joint Ambulance Committee as agents for the local health authority are stationed at County Ambulance Headquarters, Canal Road, Hereford, and are available for the removal of any cases on Medical Authority, on application to the Ambulance Headquarters at the above address.

Trained attendants are on duty day and night to accompany the Ambulances.

Clinics and Treatment Centres

Tuberculosis	County Hospital.
Venereal Diseases	County Hospital.
Orthopaedic	County Hospital and B.R.C.S. Red Cross Hut, Blackfriars Street, Hereford.

SANITARY CIRCUMSTANCES OF THE AREA

Water Supplies

There are privately owned piped water supplies to houses in certain parishes in the area but shallow wells or springs provide supplies in many instances, although in recent years deep bores have been sunk in quite a number of cases. In the parishes of Aconbury, Little Birch, Much Birch and Little Dewchurch, many houses are particularly badly off for water, although a private piped supply at Little Birch has been extended during the year.

A scheme for a supply of water to houses at Shucknall Hill, Weston Beggard was completed in 1938 and the Hereford City Supply is laid on to parts of various parishes which adjoin the City boundary.

The Ministry of Housing and Local Government decided that this Council should operate the Ex R.A.F. supply with pumping station at Eaton Bishop and this supply has been extended to the parishes of Eaton Bishop, Clehonger and Allensmore, and further extensions are proposed. The supply provided for the new Council Houses at Much Birch has been extended to Wormelow and to part of Much Dewchurch Parish. There is a proposal to provide the Parish of Withington and parts of adjoining parishes with water from a deep bore hole, and for houses in the Parish of Fownhope to be supplied from two bore holes situate at Rudgend, in that parish.

Sewerage and Drainage

There is no general system of sewers in the area.

A scheme of Sewage Disposal for the Parish of Fownhope was prepared and is still under consideration.

The Council's Consulting Engineers have been instructed to prepare plans, etc., for the sewerage of Kings Acre Road, Breinton, and parts of the Parish of Holmer, where existing means of sewage disposal for individual houses are extremely bad and give rise to considerable nuisances.

The Council has decided that the Consulting Engineers should investigate the possibility of sewerage schemes for the parishes of Clehonger, Eaton Bishop and Allensmore.

Swimming Baths and Pools

None in the district.

Eradication of Bed Bugs

No infestations were discovered.

National Assistance Acts, 1948 & 1951

No action was necessary during the year.

PREVALENCE AND CONTROL OF INFECTIOUS AND OTHER DISEASES

General.

No cases of Diphtheria, Typhoid Fever, Meningococcal Infection, Acute Poliomyelitis or Acute Encephalitis were notified during the year.

One case of Para-typhoid Fever was notified—the patient being a non-civilian who was treated in a military hospital.

There were twenty-four cases of Scarlet Fever which occurred in various Parishes. Four cases were removed to the Isolation Hospital and the remainder isolated at home. No deaths occurred from this disease.

The number of cases of Whooping Cough which were notified showed a decrease compared with the number notified during 1957, but cases of Measles increased considerably.

Food Poisoning Outbreaks

(a)	Total number of outbreaks	1
(b)	Number of cases	1
(c)	Number of deaths	0
(d)	Organisms or other agents responsible : Salmonella Typhi Murium.				

Foods involved :—Believed to be milk which was subsequently pasteurised.

INFANT MORTALITY DURING 1958

There were three deaths from Pneumonia (ages 3 months, 1 month, and 3 days), four deaths from Atelectasis (ages 5 days, 1 day—2 cases—and 11 hours), two deaths from Spina Bifida (ages 2 weeks, and 6 days), two deaths from Asphyxia (ages 8 months, and 2 days), one death from Intestinal Obstruction (age 6 months), and one death from Dubdural Haemorrhage (age 4 days).

The following report has been given by the Chief Public Health Inspector, Mr. Donald Foden, on work carried out during the year ended 31st December, 1958.

REPORT OF THE CHIEF PUBLIC HEALTH INSPECTOR

As required by Article XVII (18) of the Sanitary Officers' (Outside London) Regulations, 1935.

Inspections under :—							<i>Number</i>
Housing Acts & Regulations	1107
Housing—Tenancy Applications	14
Nuisances	269
Infectious Diseases	94
Water Supplies	726
Dairies & Milk Supplies	78
Food & Food Premises	193
Schools	7
Hop Pickers' Quarters	42
Factories with Mechanical Power	24
Other Premises under Factories Acts	21
Work Places	1
Petroleum Acts & Regulations	299
Damage by Pests Act	24
Temporary & Movable Dwellings	587
Refuse Collection and Disposal	467
Shops Act	1
Scrap Metal Dealers	6
Out Workers	1
Pet Animals Act	—
Agriculture (Safety, Health and Welfare Provisions) Act	1

Housing

Attention has been directed to dealing with unfit houses, and action with regard thereto has been as follows :—

(a) UNFIT HOUSES MADE FIT.

1. After informal action... 142

2. After formal notice under :

(i) Public Health Act, 1936 ... 1

(ii) Housing Act, 1957 ... 0

(b) UNFIT HOUSES DEMOLISHED ... 6

(c) UNFIT HOUSES CLOSED ... 16

Particulars of work carried out under the Rents Act, 1957 are set out hereunder :—

1.	Applications for Certificates of Disrepair received...	6
(a)	Certificates issued	5
(b)	Undertakings given by owners	1
2.	Number of certificates cancelled	8*

* Seven cancellations relate to Certificates of Disrepair issued during 1957.

The number of applications for Improvement Grants under the relevant provisions of the Housing Act, 1949 were as follows —

	Number of applications received	51
(a)	Applications granted	49
(b)	„ rejected	0
(c)	„ pending	2

The number of new houses erected during the year are set out below :—

1.	Total houses erected	65
2.	With State assistance under the Housing Acts :—		
(a)	By the Local Authority	20
(b)	„ other bodies or persons	2

Houses owned by the Council now number 429, and are situate in the following parishes :—Birch, Much (40), Breinton (8), Burghill (20), Clehonger (22), Dewchurch, Much (12), Dormington (6), Eaton Bishop (8), Fownhope (40), Hampton Bishop (2), Haywood (6), Holme Lacy (18), Lugwardine (22), Marden (24), Mordiford (42), Pipe and Lyde (8), Preston Wynne (8), Stoke Edith (6), Stretton Sugwas (36), Sutton (14), Wellington (18), Weston Beggard (10) and Withington (30), together with 29 bungalows at Kingstone in the Dore and Bredwardine Rural District.

Nuisances.

Two Statutory Notices were served during the year, requiring the abatement of nuisances arising from disrepair of a house and drainage disposal. All other nuisances were satisfactorily overcome by informal action.

Infectious Diseases.

Thirty-two cases of infectious diseases, consisting of 24 cases of Scarlet Fever, 7 cases of Dysentery and 1 case of Food Poisoning, were investigated.

Water Supplies.

Three samples have been submitted for Chemical Analysis and 215 samples for Bacteriological Examination, with the following results :—

				<i>Satisfactory</i>	<i>Unsatisfactory</i>
Chemical	0	3
Bacteriological	142	73

Dairies and Milk Supplies.

There are on the register 23 distributors of milk, of whom one is a distributor of T.T., Pasteurised and Sterilised milk, nineteen are distributors of both T.T. milk and Pasteurised milk, whilst two retail only T.T. milk and one retails only Pasteurised milk. In addition, so far as is known, there are 18 producers of milk, who are registered with the Ministry of Agriculture, who are also distributors in the area of milk for retail sale. Of this latter number seven are known to be retailing T.T. milk, and five purchase and retail Pasteurised milk and six retail both T.T. and Pasteurised milk.

Twenty-seven samples of T.T. and Pasteurised Milk were submitted for examination with the following results :—

Satisfactory	27
Unsatisfactory	0

As from the 1st October, 1956, the whole of the Hereford Rural District became part of a Specified Area, so that only T.T., Pasteurised, and Sterilised milk may be sold by retail therein.

Food and Food Premises.

The number of known food premises in the Area is as follows—

General Food Shops...	45
Butchers' Shops	4
Food Preparation Premises	3
Bakehouses	2
Canteens	28
Licensed Premises	37
Catering Establishments	62

Thirty-four premises are registered under Section 16 of the Food and Drugs Act, 1955 as follows :—

Storage and Sale of Ice Cream	32
Manufacture of Sausages	2

During the year inspections of food premises have continued not only to ascertain that hygienic practices were being maintained but also to ascertain that defects—of which the occupier had been informed following the initial survey of premises under the provisions of the Food Hygiene Regulations, 1955/56—had been completed. One hundred and forty-one inspections were carried out, of which forty-three related to registered food premises.

Thirty-four samples of Ice Cream were submitted for examination and were reported upon as falling within the following Provisional Grades :—

Provisional Grade I	34
„ Grade II	—
„ Grade III	—
„ Grade IV	—

One knacker's yard is registered within the Area and one slaughterhouse is licensed and the following table sets out the carcasses inspected and condemned wholly or in part and these figures include 1 heifer, 1 pig, and 6 sheep which were the subject of emergency slaughter at places elsewhere than at the licensed slaughterhouse.

Food and Food Premises (Continued).**CARCASES AND OFFAL INSPECTED AND CONDEMNED IN WHOLE OR IN PART**

	<i>Cattle Excluding Cows</i>	<i>Cows</i>	<i>Calves</i>	<i>Sheep and Lambs</i>	<i>Pigs</i>	<i>Horses</i>

Percentage of number inspected affected with disease other than Tuberculosis and Cystercerci	27.5%	—	—	18.0%	22.6%	—
<i>Tuberculosis only</i> Whole carcasses condemned	—	—	—	—	—	—
Carcasses of which some part or organ was condemned	—	—	—	—	—	—
Percentage of number inspected affected with Tuberculosis	—	—	—	—	—	—
<i>Cysticercosis</i> Carcasses of which some part or organ was condemned	—	—	—	—	—	—
Carcasses submitted to treatment by refrigeration	—	—	—	—	—	—
Generalised and totally condemned	—	—	—	—	—	—

In addition, 18 lbs. of Canned Beef was found to be unfit for human consumption, and was destroyed after condemnation.

All condemned food was disposed of by incineration.

Factories

There are 54 factories within the district, all with mechanical power.

1. Inspections :

Premises	<i>Number of</i>		
	<i>Inspections</i>	<i>Written Notices</i>	<i>Occupiers Prosecuted</i>
Factories with mechanical power ...	24	4	—
Factories without mechanical power	—	—	—
Other premises under the Act (including works of building and engineering construction, but not including outworkers' premises)	21	2	—

Sanitary Conveniences:				
(a) Insufficient ...	6	6	—	—
(b) Unsuitable or defective ...	7	7	2	—
(c) Not separate for sexes ...	—	—	—	—
Other Offences ...	—	—	—	—
TOTAL ...	13	13	2	—

3. Outwork in unwholesome premises—Nil.

Hop Pickers.

The By-laws in connection with accommodation for persons engaged in the gathering of Hops, Fruit and Vegetables made in 1909 were rescinded, and new By-laws made by the Council and confirmed by the Minister of Health came into operation on the 20th August, 1937.

About 300 pickers came from outside Herefordshire, chiefly South Wales and the Midlands, to 7 farms. Barns, stables and other outbuildings are utilised for their accommodation although in the majority of cases specially erected buildings are provided.

The number of pickers decreased still further during 1958 as still more farms installed mechanical picking machines.

Prevention of Damage by Pests Act.

One Inspector/Operator is employed, but his services are shared jointly with the Ross and Whitchurch R.D. and the Ledbury R.D. The table set out hereunder records his work in this area during 1958 :—

	Prem- ises In- spected	No. of In- spec- tions	Total Infes- tations	RATS		Writ- ten In- formal Notices	Statu- tory Notices
				Major	Minor		
Local Authority's Properties ...	3	40	11	2	9	—	—
Dwelling Houses ...	117	168	51	1	50	—	—
Business Premises ...	20	33	12	1	11	—	—
Agricultural Properties ...	127	172	96	2	94	—	—
TOTALS ...	267	413	170	6	164	—	—

As from the 1st October, 1958 the three Councils concerned decided to carry out a disinfestation service and appointed an operator.

Contracts held in the three areas at the 31st December, 1958 amounted to £1,247.

Temporary and Moveable Dwellings.

During the year a survey of all known temporary and moveable dwellings was carried out, and this revealed that there were 170 sites as follows :—

'Bus Bodies	19
Multiple Sites (<i>i.e.</i> two or more dwellings)					12
Individual Sites	63
Storage only	52
Licence not required under the provision of Section 269 (5) Public Health Act, 1936, but subject to provisions of Council's Byelaws				24

By the end of the year 14 'bus bodies had been demolished and action is being taken to deal with the remainder.

Two multiple and twenty individual sites have been licensed and the owners of the remaining sites have been informed of the work that must be completed before a licence can be issued. A time limit has been imposed and at the end of this period proceedings will be instituted in the Petty Sessional Court against all owners who have failed to satisfy all the licensing conditions.

Refuse Collection.

During the year an extra loader has been appointed and this factor, together with the purchase of a larger refuse collection vehicle, has made it possible for more frequent collections to be carried out. These collections are carried out once in every three weeks with the exception of two parishes near Hereford City, where collections are effected once in every ten days.

During 1958, 430 loads of refuse—approximately the equivalent of 4,752 cubic yards—were collected and hauled to the two disused quarries used for disposal. A total of 11,548 miles was involved.

Old Metal and Marine Store Dealers.

Twenty-two persons are now registered under the provisions of the Public Health Acts Amendment Act, 1907, as dealers in old metal, and close liaison in dealing with these persons and their premises is maintained with C.I.D. Officers of the Central Division of the Herefordshire Constabulary.

Petroleum Acts.

The number of petroleum installations licensed by the Council is eighty-one.

During the year attention has been directed to bringing all installations up to the standard recently recommended by the Home Office, including the provision of foam fire extinguishers and a permanent supply of sand, the testing of apparatus, ensuring efficient ventilation, and the permanent posting of notices for the instruction and information of employees and the general public.

Three new installations were subjected to the appropriate air pressure test and the storage tanks at forty-six existing installations were ullage tested.

Provision of Means of Escape in Case of Fire.

There are twenty premises consisting of 10 Flats, 2 Hospitals, 2 Schools, 4 Hotels, 1 Convent, and 1 Home for Elderly Persons, to which Section 60 of the Public Health Act, 1936 applies, and where the provision of adequate means of escape in case of fire must be provided and maintained.

These premises are visited regularly and the assistance of the Fire Prevention Officer with the consent of the Chief Fire Officer for the County, in this matter must be appreciated and acknowledged.
